Springfield Museum of Natural History.—In December, 1859, the Library Association above mentioned appointed a Committee to establish a repository for objects in natural history, historical relics and antiquities, works of art and miscellaneous curiosities, to be preserved in connection with the library. A variety of objects presented by D. L. Harris, Esq., and Judge R. A. Chapman, formed a nucleus, which received such numerous accessions that in a short time two rooms in the City Hall were assigned by the municipal government for the purposes of the Museum. The Library Association furnished the rooms with appropriate shelves and cases, which are already well filled. The collection includes about twenty stuffed quadrupeds, 250 species of birds, 80 species of fish and reptiles, 900 species of shells, small cabinets of insects, corals, and crustacea, an extensive mineralogical cabinet, and a valuable series of fossils. In addition to the natural history collections, which have outstripped the other department of the Museum, there are a large number of Indian antiquities, and of curiosities from distant countries. The Museum is managed by a board of trustees: D. L. Harris, Esq., President; Dr. G. A. Otis, Secretary; Judge R. A. Chapman, J. L. King, S. Bowles, P. B. Tyler, Rev. F. Tiffany, D. A. Wells, J. The whole amount received for lots in 1860, was $1,419 23.

Principal Public Halls in Springfield—City Hall, having seats for 2,700 persons. Application for the Hall to be made to the City Clerk. Music Hall, corner of Main and Pynchon streets, owned by Tilly Haynes, will seat 1,200 persons, is rented for lectures and first class entertainments only.

PLACES WORTHY OF NOTICE FROM STRANGERS VISITING SPRINGFIELD.

The City Hall, fronting Court Square, erected at an expense of $100,000, ranks among the finest buildings in New England. It has an audience room, capable of holding 3,000 persons, and accommodations for all city officers, Police Court, and City Library.

The Cemetery—In the south-easterly part of the city, has its main entrance from Maple street, near its junction with Central street, with an entrance for carriages also from Pine street, and for people on foot from Mulberry and from Union streets. It has great natural

advantages of location and scenery, combining a fine variety of hill and dale, and is constantly being beautified and adorned by the hand of art.

THE ARMORY is too well known for its claims to pass unheeded. Visitors can but admire the beautiful view of the city from the top of the tower of the Arsenal; the admirable arrangement for storage of muskets in the same building; the great improvements in machinery, almost perfect, the growth of late years, for the manufacture of arms; the new dam and appurtenances of the Water Shops, and internal arrangements of the work shop recently erected there.

HAMPDEN PARK—Inaugurated September 29, 1857. Purchased and improved by the Hampden County Agricultural Society, at a cost of $31,600, for an exhibition ground; "the finest and most convenient location the Society could have fixed upon, and unsurpassed for beauty and fitness by any lot devoted to a similar purpose, in the world." These grounds, sixty acres in extent, enclosed on the river side by a costly levee, ("more than four-fifths of a mile in length, from three to six feet high, and six feet wide at the top, well covered with turf,") on the other side by a substantial fence, contains a splendid barn, with stalls for cattle and horses, and extensive sheds in addition, devoted to a like purpose; a mile and also a half-mile track, graded, and kept in good condition; a range of seats three hundred feet long; and a judges' stand, tasteful in appearance and permanent in construction. Here are held the far-famed Springfield Horse Shows, and the annual Cattle Shows of the County Society. In the opening address of Mr. George Bliss, he says: "It is peculiarly fitting that this particular spot should be thus appropriated. This tract of meadow land, bounded on three sides by the river, the End brook and upland, has from the earliest settlement of the town, been known as the 'three-cornered meadow,' and the largest portion of it was the first lot of land granted by the earliest settlers, within the first month after their arrival."

GREAT FRESHETS—*Highest Rise of Water in Connecticut River*—1801, twenty-one feet six inches; 1843, April 18, twenty feet eight inches; 1854, May 1, twenty-two feet four inches; 1856, August 21, eighteen feet nine inches, (Camp Thompson inundated); 1859, March 20, twenty feet six inches. The three last are taken from Mr. Butler's record at the Bridge.
